

Respiratory complications, early evidence of, [642b](#)

Respiratory depression

- management of, [135b](#)
- from opioids, [131t-132t](#), [132](#)

Respiratory disorders, foreign body aspiration causing, [659-660](#)

Respiratory distress syndrome, [267-272](#)

- acute, [661-662](#)
- assisted ventilation for, [271t](#)
- clinical manifestations of, [269b](#)
- diagnostic evaluation of, [269](#), [269f-270f](#)
- nursing care management for, [271-272](#)
- pathophysiology of, [267-269](#)
- prevention of, [271](#)
- prognosis of, [271](#)
- therapeutic management of, [270-271](#)

Respiratory dysfunction

- child with, [636-688](#)
- long-term, [664-680](#)

Respiratory efforts, ease, [637-639](#)

Respiratory emergency, [680-685](#)

- recovery position after, [685f](#)

Respiratory failure, [680-681](#), [681b](#)

- definition of, [680](#)

Respiratory function

- bronchial (postural) drainage for, [627](#)
- chest physical therapy for, [627](#)
- chest tube drainage systems for, [631](#), [632b](#), [632f](#)
- inhalation therapy for, [625-627](#), [626f](#)
