

Vaginal infections, [476](#)

Vaginal orifice, [107](#)

Vaginitis, [476](#)

Vagus nerve, assessment of, [111f](#), [111t-112t](#)

Vagus nerve stimulation (VNS), in seizures, [900](#)

Valvular aortic stenosis, [746b-748b](#)

Vanishing testes, [854](#)

VAP. *See* [Ventilator-associated pneumonia \(VAP\)](#)

VAPP. *See* [Vaccine-associated polio paralysis \(VAPP\)](#)

Variable expressivity, of allele, [52](#)

Varicella (chickenpox), [163f](#), [163t-169t](#)  
     immunization against, [155-156](#)

Varicella-zoster immune globulin or intravenous immune globulin (IVIG), for immunocompromised children, [170](#)

Varicella-zoster virus (VZV), [162-170](#), [178t](#), [288t-289t](#)

Varices, esophageal and gastric, [721](#)

Varicocele, [474](#)

VAS. *See* [Visual Analogue Scale \(VAS\)](#)

Vascular dysfunction, [775-783](#)

Vascular malformations, [234](#)

Vasoocclusive crisis (VOC), in sickle cell anemia, [791](#), [793-795](#)

Vasopressin, [912t-913t](#)  
     aqueous, for diabetes insipidus, [918](#)  
     1-deamino-8-d-arginine, [801-802](#)  
     in neonate, [192](#)

Vastus lateralis muscle, drug administration into, [605](#), [606f](#)

VATER association, [725](#)

Veau-Wardill-Kilner V-Y pushback procedure, for cleft palate, [724](#)
